

# CD-ROM NOW AVAILABLE!

## TRADITION AND TECHNOLOGY...

Cafe Church has been meshing art with technology as a way of enriching our gatherings for worship. Stained glass windows, banners, symbols and icons are familiar ways of using visual images in church. Now we have **digital animations** as well, to surprise, inspire and challenge.

## THE ANIMATIONS

There are 160 animations in all, including:

- **Biblical Reflections:** based on specific Bible passages.
- **Themed Presentations (Loops):** Small repeated sets of images and words that explore a theme or concept.

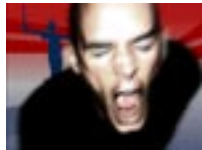

The animations (Flash/ SWF files) are organised by Book, Theme and Artist, so that you can find the artwork for your particular needs. We invite you to use them in any way you wish:

- as an instrument for personal reflection on certain passages and themes
- as a "stained-glass window in motion", providing a dynamic illustrative backdrop to your community gatherings
- as a focus point at an appropriate time during a service
- as a part of an art installation.

Cafe Church is a faith community based in Glebe, Sydney that hopes to connect ex-churched and un-churched young adults with the Living God.

**Price: \$30 AUD + postage and handling (\$5 AUD Australia, \$10 AUD overseas)\***

\* add only \$2.00 postage and handling for each additional CD
